Complete Guide to Choosing Your Doctor

Choosing Your Primary Care Physician (PCP)

When you enroll with Community Care Health (CCH), you will select a primary care physician (PCP); a PCP is a doctor who will be your personal doctor. Your PCP may be a family medicine, general practice, internal medicine, or pediatric (for your children) physician. You may want to have one doctor who will see your whole family, or you may want to have one doctor for you and a different doctor for your children.

Your PCP will be the doctor you will see when you are sick; he or she will refer you to a specialist and coordinate your health care whenever you need it. You must always see your PCP each time you need medical treatment unless it is an emergency. You do not need to get a referral from your PCP to visit your eye doctor for a regular examination or for a family planning visit.

If you are a female member, you may choose to see an OB/GYN for routine examinations and prenatal care. You do not need a referral from your PCP, but you may ask him or her to recommend the name of an OB/GYN for you. OB/GYN providers are listed within the directory.

The Practice Locator Service is only available in English. If you do not speak English, please call CCH's Member Services Department at 1 (855) 343-2247. A representative will be happy to contact the Practice Locator Service and provide you with the information in your language.

All eligible Native Americans have the right to access medical services through Indian Health Service facilities. You do not need a referral from your PCP. The health plan will reimburse the facilities for covered services.

Some hospitals and other providers do not provide one or more of the following services that may be covered under this health plan and which members might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. Call your doctor or clinic, or call CCH's Member Services Department at 1 (855) 343-2247 to ensure that you can obtain the health care services that you need.

CCH provides free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, accessible electronic formats, other formats).

Non-Discrimination Notice

CCH complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. CCH does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Notice of Language Assistance and Accessibility

CCH offers a no-cost telephonic interpreter service to our members, both directly and through your providers' offices, to provide language assistance to members with limited English proficiency. To get an interpreter, or to ask about written translation of information in a non-English language, please contact CCH's Customer Service department by phone at 1 (855) 343-2247.

CCH members are entitled to full and equal access to covered services, including members with disabilities, as required under the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. CCH's Customer Service Representatives are accessible by phone at 1 (855) 343-2247, and are available to assist the speech —and hearing— impaired. Further, the speech - and hearing - impaired may use the California Relay Service's toll-free telephone number 1 (800) 735-2929 or 1 (888) 877-5378 (TTY).

Fresno, CA 93720

Provider Directory Inaccuracies

CCH updates the information located in its provider directory at least weekly. If you would like to report a provider directory inaccuracy, you may do so by phone to the CCH's Member Services Department at 1 (855) 343-2247, or by sending an email to customerservice@communitycarehealth.org.

Other Important Information

Members of CCH have their medical care coordinated through their Primary Care Provider who is a Participating Provider in the network maintained by the health plan. Medical services, including those with referrals by your PCP to a Specialist or other healthcare provider, may require prior authorization or a medical necessity determination to be processed as a covered benefit. Emergency services and urgent care services for emergent medical conditions are available without a referral. Review your Evidence of Coverage for detailed information about your benefits and coverage. If you have any questions, or would like help in understanding your benefits, please contact CCH's Member Services department by phone at 1 (855) 343-2247.

Timely Access to Care

Health plans in California must ensure that members have timely access to their doctors and other providers when seeking care. This means that there are limits on how long you have to wait to get an appointment and telephone advice. The wait times are shown in the chart below. Some exceptions to the wait times apply.

Members who have questions or believe they need to be seen sooner should contact either their provider's office or Community Care's Member Services Department at 1 (855) 343-2247 for assistance.
